## Policy Objective

The Trikala 2025 Strategic Plan aims to develop a comprehensive 10-year framework to address urbanization and climate change. The objective is to transform Trikala into a smart, sustainable, and resilient city by prioritizing measures that enhance its infrastructure, competitiveness, and resource management.

## Policy Description

The Trikala 2025 plan focuses on leveraging smart city technologies and strategic stakeholder collaboration to address the city's rapid expansion and economic challenges. By improving municipal infrastructure and governance, the plan aims to prepare Trikala for future urban and environmental challenges. The strategy involves extensive local engagement to utilize the city's competitive advantages, positioning Trikala as a model of sustainable urban development.

### Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
