THE INSTITUTIONAL DIALOGUE PROJECT OF THE GREEN LIVING AREAS MISSION

Vega Renhace Plan - Valencia

Top Reference Policy Instrument

Nature Based Solutions

Policy Objective

To enhance the resilience of the Vega Baja region against the impacts of extreme weather events and climate change, ensuring sustainable development through strategic infrastructure and community empowerment.

Policy Description

Launched in response to catastrophic flooding in 2019, Plan Vega Renhace is a comprehensive initiative aimed at mitigating future environmental and climatic risks in the Vega Baja del Segura region. The plan prioritizes the development of resilient hydraulic infrastructures, robust emergency response systems, and sustainable economic practices. It seeks to integrate community involvement with technical expertise to create adaptive strategies that protect and enhance the region's economic and environmental resources.

Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
