Policy Objective

To advance public health, environmental safety, and efficient risk management within the Nice Côte d'Azur Metropolis, emphasizing integrated approaches across these domains.

Policy Description

Founded in July 2020, this pioneering agency coordinates and implements strategies that protect public health and environmental integrity, while effectively managing and mitigating various risks associated with urban and natural environments.

Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
