THE INSTITUTIONAL DIALOGUE PROJECT OF THE GREEN LIVING AREAS MISSION

Policy recommendation for water management - Drivers and barriers - Alicante, Venice & Lisbon

Top Reference Policy Instrument

Water management

Policy Objective

To address water management challenges through improved governance frameworks, focusing on efficiency, stakeholder engagement, and sustainable practices.

Policy Description

This governance model aims to integrate advanced technologies, stakeholder collaborations, and regulatory frameworks to enhance water reuse, resource recovery, and sustainability. It emphasizes overcoming existing governance gaps by implementing specific recommendations tailored to the unique challenges of Alicante, Lisbon, and Venice.

Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
