THE INSTITUTIONAL DIALOGUE PROJECT OF THE GREEN LIVING AREAS MISSION

Regional Waste Prevention and Management Plan (PRPGD) - Region Sud

Top Reference Policy Instrument

Waste Management

Policy Objective

To enhance waste management efficiency across the region by reducing waste generation, increasing reuse and recycling rates, and improving waste disposal methods. The goal is to align regional practices with national and European environmental directives, focusing on sustainable development and resource conservation.

Policy Description

The PRPGD sets forth a strategic framework for waste management that involves a variety of stakeholders from both public and private sectors. It outlines specific actions to minimize waste production at its source, optimize recycling processes, and ensure the safe disposal of residual waste. The plan also emphasizes the adoption of innovative technologies and practices, fostering regional collaborations, and enhancing public awareness and participation in waste reduction and recycling initiatives.

Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
