THE INSTITUTIONAL DIALOGUE PROJECT OF THE GREEN LIVING AREAS MISSION

The Milan Food waste policy

Top Reference Policy Instrument

Waste management

Policy Objective

To establish a resilient, sustainable urban food system that ensures access to healthy food for all Milanese, reduces environmental impact, and supports local agriculture.

Policy Description

This policy integrates actions to promote food security, environmental sustainability, and education about nutrition and food waste. It focuses on strengthening local food chains, increasing food education in schools, and encouraging sustainable consumption.

Project summary

The Institutional Dialogue Project of the Green Living Areas Mission seeks to enhance policy transfer through dialogue among policymakers and public stakeholders. It focuses on continuous policy improvement and transformation, and aims to establish long-term cooperation on public policy instruments at the Euro-Mediterranean level, ultimately improving citizens' quality of life.
